

## FEED PLANS FOR CUTTINGS AND TRANSPLANTING

The different stage's of plant life					Insecticide
stage	Let's Grow A & B	Power Thrive	Let's Start	Dip to Grow	4 ml Power Thrive per 1 litre water ; mist plants with RT. after insecticide has dried
Cuttings	20 ml	40 ml		see for info	
Transplanting	20 ml	20 ml	20 ml	see for info	

### STANDARD G.E.T. FEEDING PLAN

This is our standard feeding plan, everything you need to have a succesful grow is within this plan...

Grow adjust the pH to 6.1				
Method of Vegetation	Soil-less Soil and Coco	Hydroponics	Aggressive formula Hydroponics	
stage	Let's Grow A & B	Let's Grow A & B	Let's Grow A & B	
*VEG	Week 1	40 ml of each	50 ml of each	50 ml of each or 1000 ppm
	Week 2	40 ml of each	50 ml of each	51 ml of each or 1050 ppm
	Week 3	40 ml of each	50 ml of each	52 ml of each or 1100 ppm
Flowering adjust the pH to 5.7				
Method of Flowering	Soil-less Soil and Coco	Hydroponics	Aggressive formula Hydroponics	
stage	Let's Bloom A & B	Let's Bloom A & B	Let's Bloom A & B	
**FLOWERING	Week 1	30 ml of each	40 ml of each	40 ml of each or 1100 ppm
	Week 2	30 ml of each	40 ml of each	43 ml of each or 1200 ppm
	Week 3	30 ml of each	40 ml of each	47 ml of each or 1300 ppm
	Week 4	30 ml of each	40 ml of each	49 ml of each or 1350 ppm
	Week 5	30 ml of each	40 ml of each	51 ml of each or 1400 ppm
	Week 6	30 ml of each	40 ml of each	52 ml of each or 1450 ppm
	Week 7	30 ml of each	40 ml of each	54 ml of each or 1500 ppm
	Week 8	Follow week 7 or The Rinse Solution or water soil with plain pH adjusted water to allow plants to utilize any nutrients within plants leaves before harvest.		

### G.E.T. ADDITIVES FEEDING PLAN

How to use G.E.T. additives feeding plan...

Grow adjust the pH to 6.1					
Method of Vegetation	Choose yellow or orange or you can use both together with standard feed plan				
stage	Power Thrive	Let's Start			
*VEG	Week 1	40 ml	30 ml		
	Week 2	40 ml	30 ml		
	Week 3	40 ml	30 ml		
Flowering adjust the pH to 5.7					
Method of Flowering	Power to Bloom and Umph Power safe to use with any method				
stage	Power Thrive	Let's Flower	Let's Fruit	Power To Bloom & Umph Power	
**FLOWERING	Week 1	40 ml	30 ml		
	Week 2	40 ml	30 ml		
	Week 3	40 ml	30 ml		Power to Bloom
	Week 4	40 ml	30 ml		Umph 4 days later
	Week 5	40 ml		30 ml	Power to Bloom
	Week 6	40 ml		30 ml	Umph 4 days later
	Week 7	40 ml		30 ml	
	Week 8	The Rinse Solution
